

Role of family and friends in handling new mothers emotional well being

1. Emotional Support

- **Listen without judgment:**
Encourage her to express her feelings and validate her emotions.
- **Offer reassurance :**
Remind her that she is doing her best and that postpartum depression is not her fault.
- **Encourage open communication:**
Create a safe space where she feels comfortable discussing her struggles.

2. Day to day Assistance

- **Help with household chores:**
Cooking, cleaning, and laundry can feel overwhelming.
- **Assist with baby care:**
Offer to feed, change, or soothe the baby so she can rest.
- **Ensure she gets enough sleep:**
Sleep deprivation worsens postpartum depression.
