

3. Emotional Support:

- **Check In Regularly:**

A simple "How are you doing?" can make a big difference.

- **Be Patient and Empathetic:**

Understand that mood swings and exhaustion are common postpartum experiences.

4. Encouraging Professional Help:

- **Share Mental Health Resources:**

Provide information about counseling services or employee assistance programs.

5. Promoting Well-being:

- **Encourage Breaks:**

Suggest short walks or relaxation activities during work hours.

- **Celebrate Small Wins:**

Acknowledge her efforts in balancing work and motherhood.
